18th Annual Meeting of Cataract and Refractive Surgery

Under the Auspices of

His Excellency

Professor El-Said Abd El-Khalek
President of Mansoura University

Professor Ehab Saad
Dean Faculty of Medicine, Mansoura University
Welcome address:

Dear delegates

It is our pleasure to welcome you to Mansoura and to our Annual Meeting of Cataract and Refractive Surgery. As ever, we have an exciting scientific program, put together under the careful guidance of the programme committee. This year we will give 2 symposium and a keynote lecture, the first symposium will discuss some critical situations in adult & pediatric cataract surgery and the second one will discuss some aspects of the dilemma of keratoconus.

In between we will here an interesting talk about the recent phemtosecond laser assisted cataract surgery. We are pleased to congratulate our colleagues Prof. Ahmed M. Ismail being the president of EOS and Prof. Ibrahim El-Adawy being a member of the EOS board.

The committee is grateful to the pharmaceutical and surgical companies for their ongoing support of the conference. Once again we hope to enjoy and benefit this meeting.

Prof. Rasheed El-Lakkany  
Head of MOC

Prof. Ashraf Sewelam  
Director of MOC

and Meeting Organizer
Organizing Committee

Prof. Rasheed El-Lakkany
Prof. Ashraf Sewelam

Prof. Samy Abou El-Khair
Prof. Hosam El-Fallal
Program overview

10:00 – 10:20  Registration

10:20-10:30  Opening ceremony

Prof. Rasheed El-Lakkany

Symposium I:
Critical situations in adult and pediatric cataract surgery

10:30 – 12:00  Part 1: Critical situations in adults

12:00 – 12:30  Coffee break

12:30 – 1.10  Part 2: Critical situations in pediatrics

1:10 – 1.40  Key note lecture
Laser assisted cataract surgery

1:40 – 2.10  Symposium II: the dilemma of keratoconus

2.10  Lunch
Program in details

Symposium I: Critical situations in adult and pediatric cataract surgery

Part 1: Critical situations in adults

Moderators: Prof. Abdel Latif Siam
Prof. Eglal El-Saied
Prof. Tharwat Mokbel
Prof. Rasheed El-Lakkany

Time:
10:30 – 10:40 Cataract surgery and the ocular surface
Prof. Ashraf Sewelam

10:40 – 10:50 When to stop trenching and start cracking?
Prof. Samy Abou El-Khair

10:50 – 11:00 Phacoemulsification in eyes with functioning glaucoma filtering blebs
Prof. Hosam El-Fallal
Time: 

11:00 – 11:10  
*When cataract joins glaucoma*  
*Prof. Ahmed Khalil*

11:10 – 11:20  
*Phacoemulsification in narrow pupil*  
*Prof. Mahmoud Afifi*

11:20 – 11:30  
*Critical moments in cataract surgery*  
*Prof. Reyad Fekry*

11:30 – 11:40  
*Prevention and management of capsular complications*  
*Prof. Yehia Salah*

11:40 – 11:50  
*Phacoemulsification in Albinos*  
*Prof. Ahmed Mostafa Ismail*

11:50 – 12:00  
*Early huge posterior capsule rupture*  
*Prof. Abdel-Latif Siam*

12.00 – 12.30  
*Coffee Break*
**Part 2: Critical situations in pediatrics**

**Moderators:** Prof. Adel Hassan  
Prof. Reyad Fekry  
Prof. Rasheed El-Lakkany

**Time**  
**Speakers**

12.30 – 12.40  
*Retained retrolental lashes after penetrating trauma*  
Prof. Ashraf Sewelam

12.50 – 1.00  
*Outcome of iris-claw ACIOL and scleral fixation PCIOL in management of ectopia lentis.*  
Prof. Adel El-Layeh

1.00 – 1.10  
*Capsular surgery in pediatric cataract*  
Prof. Husain Ali Husain
Key note lecture
Laser assisted cataract surgery

Lecture Moderators: Prof. Husain Ali Husain
                     Prof. Raouf El-Nafees

Time: 1.10 – 1.40

Speakers: Prof. Hazem Yassin

Symposium II: The dilemma of keratoconus

Moderators: Prof. Taher Gamal
            Prof. Hany Abd El-Rahman
            Prof. Yehia Salah

Time: 1.40 – 1.55

Speakers: Refractive outcome in keratoconus
           Prof. Mahmoud Ismail

1.55 – 2.10 Decision making in keratoconus
            Dr. Waleed Abu Samra

2.10 Lunch
