Welcome Message

Dear colleagues

On behalf of the organizing committee and personally, I would like to welcome our guests and participants who honored us by sharing their knowledge and experiences in our 13th CCRD-2017 conference on chemical sciences. It will be held in Mansoura-Sharm El Sheikh, Egypt.

I wish our guests a pleasant and fruitful stay in Egypt and hoping to welcome them several times in the future.

Chemistry Department, Faculty of Science, Mansoura University, is the organizer of 13th ICCRD-2017 Conference (more than 30 years) on Chemical Sciences. Most of previous conferences in this series were organized in Mansoura City and in the beautiful touristic City Sharm El-Sheikh.

We are very proud that for the first time teams from ministry of defense and industry will share with us their expertise in the conference.

Allow me also to express my deep and warm thanks to all those who supported us and sponsored our conference.

We are glad that a notable number of young chemists are sharing their findings in all branches of chemistry and science with other chemist attending this conference.

We are proud that distinguished professors from abroad will present their up to date findings and expertise in the conference. We are sure that this will motivate younger chemists to work hard for similar achievements.

My sincere thanks and appreciation are due to all members of the organizing committee for devoted work to ensure the success of this event.

The Chairman of the Organizing Committee

Nagwa Nawar

**Head of the Chemistry Department
Faculty of Science, Mansoura University**
